🌐 LinkedIn 🏠 Google Scholar

Research Interests

I am dedicated to addressing environmental challenges, specifically climate change. My research focuses on utilizing remote sensing, GIS and machine learning to analyze forest and habitat conservation, disaster risks reduction, and sustainable ecosystem management. I am passionate about green planet and promoting climate action.

Academic Qualification

Bachelor in Environmental Science and Disaster Management | 2025

Daffodil International University | CGPA: 3.93 (out of 4.00) [B.Sc. in Daffodil International University with a CGPA of 3.93 out of 4.00, including 38 credits transferred from Noakhali Science and Technology University, with an overall combined GPA equivalent to 3.83 out of 4.00]

Bachelor in Environmental Science and Disaster Management | (2018-2022)

Noakhali Science and Technology University | Credits were transferred to Daffodil International University

Higher Secondary Certificate (HSC) | 2016

Noakhali Govt College, Noakhali | Group: Science | GPA: 4.75 (out of 5.00)

Secondary School Certificate (SSC) | 2014

Alexander Gov't Model Pilot High School, Laxmipur | Group: Science | GPA: 5.00 (out of 5.00)

Journal Publication

- Roy, S. K., Alam, M. T., **Mojumder, P.**, Mondal, I., Kafy, A. A., Dutta, M., ... & Mahtab, S. B. (2024). Dynamic assessment and prediction of land use alterations influence on ecosystem service value: A pathway to environmental sustainability. *Environmental and Sustainability Indicators*, 21, 100319.

Under Review

1. Evaluating the Impact of Forest Fragmentation and Soil Erosion on Ecosystem Service Values in the Chittagong Hill Tracts: A Remote Sensing and ML Approach (**My thesis**).

Conference Participation

"Recent Advancement in Geographical Studies: A Multidimensional Outlook", organized by the Department of Geography at Rampurhat College in Rampurhat, Birbhum, West Bengal, India.

Software Expertise

Remote Sensing and GIS: ArcGIS, QGIS, Google Earth Engine, Google Earth Pro.

Data Science and Programming Language: R studio, C-programming.

Graphic Design Tools: Adobe Photoshop, Adobe Illustrator, Figma, Canva.

Office Suits: MS Word, MS Excel, MS Powerpoint.

Referencing: Mendeley.

Work Experience

► Editorial Assistant of a Journal

June 2023 to present

Journal of Environmental Issues and Climate Change (JEICC)

- Managed manuscript submissions and review processes.
- Provided administrative support to the editorial team.
- Assisted with editorial tasks, such as proofreading and formatting.
- Gained experience in academic publishing and developed strong communication skills.

► Graphic Designer

August 2020 to present

Vora Gems, SilverMasterpiece and Fiverr

- Created visually appealing designs that **increased sales by 60%** within 6 months for company.
- Successfully completed over 500 freelance graphic design projects on Fiverr market place.
- Accomplished **90%** of remote design projects on time and in premium quality.
- Mastered skills like: Graphical abstract, Logo & brand identity, Print items, Illustration, photo editing.

Additional Experience

► Secretary of Research and Publication

Janu 2024 to Dec 2025

Research Association, dept of Environmental science and Disaster Management.

- Conducted two voluntary virtual training on research process and tools.
- Educated over **70** research enthusiastic students and cleared their doubts.
- Led all aspects conducting original research. Edited the scientific magazine.
- Designed banners, posters, and notices for this association.

► Voting member and Climate activist

Mar 2024 to Mar 2025

Brighters - For The People & Planet

- Worked with 20,000+ volunteers and 600+ Climate Action Ambassadors in different events.
- Organized programs in 64 districts to address climate issues.
- Empowered children, youth, and women through leadership and education.
- Fought inequality and injustice to ensure a sustainable future.

► General Member

Bangladesh PoribeshBid Society

March 2023 to present

- Active member of a national-level platform for environmental graduates.
- Organized six events and workshops on environmental and climate issues.
- Empowered individuals in the fields of environment and climate.

Courses and Training Summary

► Environment and Climate Action:

01. NASA's Introduction to Lightning Observations and Applications.

02. Training on Grassroots to Global: Youth Leadership Climate Action (BYCS).

> Mitigating Climate Change > Loss, Damage and Adaptation > Climate Policy and Advocacy

03. Ecosystem Services: An Introduction (International Online University).
04. Options and challenges for a low carbon future (HDRI, DIU).
05. Training and workshop session of the DIU-USAIDPEER Project held on July 23rd 2022

Courses and Training Summary

► GIS and Remote Sensing:

01. ESRI MOOC-Cartography.
02. ESRI MOOC-GIS for Climate Action.
03. ESRI MOOC-Going Places with Spatial Analysis.
04. ESRI MOOC-Transform AEC Projects with GIS and BIM.
05. ESRI MOOC-Spatial Data Science: The New Frontier in Analytics.
06. ESRI Web Course-GIS Basics and Getting Started with GIS.
07. Introduction to GIS Mapping, University of Toronto (Coursera).
08. GIS Data Acquisition and Map Design, University of Toronto (Coursera).
09. GIS, Mapping, and Spatial Analysis Capstone, University of Toronto (Coursera).
10. Spatial Analysis and Satellite Imagery in a GIS, University of Toronto (Coursera).
11. Mapping and Spatial Analysis with ArcGIS (www.bohubrihi.com)
12. Professional Training on GIS and Remote Sensing (www.poribeshbid.org.bd).
13. GIS and Remote sensing with Google Earth Engine (Research Tech Hub).

► Graphic Design and Others:

01. Graphic Design with theories and tools (www.coderstrust.global).
02. Training on Logo and T-shirt Design (www.coderstrust.global).
03. Fundamentals of Graphic Design, California Institute of the Arts (Coursera).
04. Graphic Design Foundations: Typography (Linkedin Learning).
05. Statistical Data Analysis and Visualization With R Programming (Research Tech Hub).
